Question #3 *Topic 1*

DRAG DROP -

A company wants to automate functions performed by some of its departments.

You need to select the appropriate Dynamics 365 application for each function.

Which applications should you select?

To answer, drag the appropriate applications to the correct functions. Each application may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Select and Place:

● ● ● ● ●

Applications	Answer Area	Application
Dynamics 365 for Sales	Function	
Dynamics 365 for Customer Service	Support takes incoming calls for defective products and assigns them to the correct groups.	
Dynamics 365 for Field Service	Business development managers need to track progress on potential clients.	
Dynamics 365 for Marketing	A system sends emails and product literature to current and potential customers.	
	A system enables technicians to check which supplies are on their trucks as well as which supplies are at the main location.
